

HPD UNIQUE IDENTIFIER: 26311

CLASSIFICATION: 12 36 40 Stone Countertops

PRODUCT DESCRIPTION: Lapitec sintered stone is an industrial product made from a wet mixture of natural minerals, without the use of resin or cement, cold-formed by means of vibro-compression under vacuum and consolidated, after drying, by sintering up to 1200°C. Lapitec sintered stone is as workable as natural stone across the entire thickness and is available in the form of rough slabs, slabs, tiles, and any other cut-to-size product. It is used for interiors and exteriors and is suitable for cladding, paving, flooring, curtain walling, and ventilated facade. Models covered under this HPD are GS-SB, GS-BB, BRT-W, and BRT-N. Applicable CSI sections: 04 42 00 Exterior Stone Cladding; 09 78 16 Stone-Faced Interior Wall Paneling; 12 36 40 Stone Countertops; 32 14 40 Stone Paving; and EAD 090062-00-0404 Sintered Stone Slabs.

CONTENT IN DESCENDING ORDER OF QUANTITY

Summary of product contents and results from screening individual chemical substances against HPD Priority Hazard Lists and the GreenScreen for Safer Chemicals®. The HPD does not assess whether using or handling this product will expose individuals to its chemical substances or any health risk. Refer to Section 2 for further details.

INVENTORY AND SCREENING NOTES:

Lapitec worked with an HPDC Approved Preparer to confirm that all residuals and impurities were considered under the preparation of this HPD. This was accomplished by obtaining full formulation disclosure, including residuals and impurities, down to the 1,000 ppm threshold. Due to the proprietary nature of the information, the name and CAS numbers for certain chemicals have been redacted from this substance entry. "Undisclosed" indicates chemicals Lapitec holds confidential; "Undisclosed Chemical #n" indicates chemicals Lapitec suppliers protect with NDAs.

VOLATILE ORGANIC COMPOUND (VOC) CONTENT

VOC Content data is not applicable for this product category.

CERTIFICATIONS AND COMPLIANCE See Section 3 for additional listings.

VOC emissions: UL/GreenGuard Gold Certified

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- Basic Inventory method with Product-level threshold.
- Nested Material Inventory method with Product-level threshold
- Nested Material Inventory method with individual Material-level thresholds

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.2, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-2-standard

SINTERED STONE SLABS

PRODUCT THRESHOLD: 1000 ppm

RESIDUALS AND IMPURITIES CONSIDERED: Yes

RESIDUALS AND IMPURITIES NOTES: Lapitec worked with an HPDC Approved Preparer to confirm that all residuals and impurities were considered under the preparation of this HPD. This was accomplished by obtaining full formulation disclosure, including residuals and impurities, down to the 1,000 ppm threshold.

OTHER PRODUCT NOTES: Models covered under this HPD are GS-SB, GS-BB, BRT-W, and BRT-N. During the manufacturing process (Sinterization process), a combination of techniques create physical change in the material converting these ingredients into a benign sintered stone product.

CERAMIC MATERIALS AND WARES, CHEMICALS

ID: 66402-68-4

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

Lapitec can be used in a minimum thickness of 12 mm and a maximum of 30 mm, in a maximum size of 1500 x 3365 mm, or cut into different sizes and shapes. Sintered stone can be installed with thin set, with mechanical fasteners (e.g. rivets, screws, undercut bolts, clips), with structural bonding (e.g. polyurethane glue, silicone glue), or directly to a substrate upon a subframe (e.g. aluminum, galvanized steel), none of which are included under this HPD.

MANUFACTURER INFORMATION

MANUFACTURER: Lapitec SpA
ADDRESS: Via Bassanese 6
 31050 Vedelago Treviso 31050, Italy
WEBSITE: www.lapitec.com

CONTACT NAME: Marco Ruzzante
TITLE: Engineering and Manufacturing Department Manager
PHONE: +39 0423 703811
EMAIL: emd@lapitec.com

The listed contact is responsible for the validity of this HPD and attests that it is accurate and complete to the best of his or her knowledge.

The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- a method for the assessment of exposure or risk associated with product handling or use,
- a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
